Preface

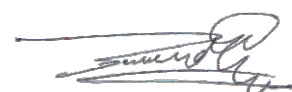

Dulhe Ram Meena
Working Trustee

I am pleased to publish a profile on Apollo College of Veterinary Medicine, Jaipur. The ACVM, Jaipur made its modest beginning on 06th October 2003 and in India it happens to be the pioneering institute in private sector. The college is venturing to produce quality veterinary graduates who will be equipped with needed skills and shall be worthy to fulfil the aspiration of the society at large.

This institute is an ideal place for acquiring education in Veterinary and Animal Husbandry. The learning programme and hands on training are so arranged that students get wide exposure in diversified spectrum of Veterinary and Animal Science education including rural sociology, socio-economic and marketing aspects of livestock.

The mission of the institute is to produce quality graduates who possess the capacity and capability to serve the society effectively in livestock sector. Entrepreneur courses are organized to build confidence amongst graduates to establish their own venture in private sector.

I, appreciate the efforts of the Dean, faculty members and all supporting staff of ACVM for providing excellent administration & environment in campus as well as the high quality of teaching provided to the students.

1. INTRODUCTION

ABOUT THE COLLEGE:

Apollo Animal Medical Group Trust (AAMGT) was established in 2003. This AAMGT had established Apollo College of Veterinary Medicine, Jaipur (Rajasthan) with broad vision, mission and mandate. The college is permanently affiliated with the Rajasthan University of Veterinary & Animal Sciences (RAJUVAS), Bikaner. **It is a matter of great pride that Veterinary Council of India (VCI), under the Ministry of Fisheries, Animal Husbandry and Dairying, Government of India has included APOLLO COLLEGE OF VETERINARY MEDICINE, JAIPUR IN THE FIRST SCHEDULE PUBLISHED IN THE GAZETTE OF INDIA NO. 1306 DATED MAY 13, 2020, NEW DELHI.** The College follows course-curriculum as per Minimum Standards of Veterinary Education-2016 prescribed by the Veterinary Council of India (VCI) New Delhi.

The three storey building is available for teaching, research and extension education with most modern clinical, para-clinical and production departments. On each floor of the building, there are five wings, each one is housing an independent department with sitting rooms, research labs, store and office accommodations. Five spacious lecture halls accommodate 100 students in each and are provided with audio-visual aids, good lighting and ventilation. The college possesses well equipped spacious laboratories with **highly qualified and experienced faculty members of national and international repute.** Educational tours to different Veterinary colleges, National Research Centres, Government farms, stud farms, dairy plants, slaughter houses, zoo and national parks are the part of the curriculum. Extra-curricular activities such as games, sports, NSS, cultural and literary competition for all round growth and development of the students are the integral part of ongoing academic activities of ACVM.

LOCATION AND CLIMATE

The ACVM is located in Jaipur the capital city of Rajasthan, popularly known as PINK CITY. It is well connected by rail, road and air. The climate is arid and semi arid for major part of the year. The geographical area of the state is 342,239 sq km to sustain 81.00 million human and 56.8 million livestock populations besides 14.6 million poultry birds. Over 55% of land is desert with rainfed crops. The livestock possesses a greater role in boosting rural economy of Rajasthan. The state is rich in native breeds of cattle, sheep, goat, equines, camel and contributes (35%) high quality germ-plasm to the national pool. The city of Jaipur is a landmark center on world map for tourism and polo.

VISION

The Apollo College of Veterinary Medicine is a one stop destination for accessing and acquiring Veterinary and Animal Sciences education to produce competent human resources, capable of responding the challenges of the profession in scientific breeding, production, livestock health and product processing vulnerabilities through generation of "**Call of the time technologies**" that would suit the need of different stake holders.

MISSION

- (i) To be a centre of excellence in teaching, research and extension education in Veterinary & Animal Sciences.
- (ii) To develop sustainable livestock farming system for improving productivity, profitability and dissemination of advance technologies.
- (iii) To utilize Veterinary and Animal Sciences Technology into profitable industry through livestock entrepreneurship training and providing nutritional security to the nation.

MANDATE

- (I) To impart quality education for graduate, post graduates, doctoral and diploma programmes.
- (ii) To develop centre of excellence of learning in the field of Veterinary & Animal Sciences.
- (iii) To undertake lab to land training programme.
- (iv) To undertake such other activities in the fields of Veterinary & Animal Sciences as it may deem fit from time to time for stake holders.

FOCUS

To accomplish the vision and mission, focus will be to effect paradigm shift in education delivery system, research invention, innovation continuum in the field of Veterinary & Animal Sciences Technology and dissipation of information and technology output to the farmers/entrepreneurs.

LIBRARY

An excellent library having stacking and reading room measuring 3000 sq ft is available for staff and students in the main building of the college. At present more than 3000 books of different disciplines, scientific journals, copies of M. V. Sc. and Ph. D. thesis, departmental

manuals, magazines and news papers are available. Card cataloging system is used for library references. Photocopier, computer with internet and Wi-Fi facilities are also available.

MEETING/CONFERENCE HALL

A spacious air-conditioned meeting/conference hall is available in the college main building. It has a capacity of 150 seats. Interactive audio visual cum LCD facilities are available. These facilities are being used for meetings,

technical seminars, professional competitions and contests, personality development etc. A modern auditorium has been planned to be constructed.

GAMES AND SPORTS

There is an exclusive play ground near to the main building and excellent facilities are available for indoor and outdoor games / sports etc. All the students

are encouraged to take part in sport activities. A modern and fully functional gymnasium is also available.

COMPUTER CELL / ARIS CELL

Computer centre is a centralized facility to provide computer-aided education and training to B. V. Sc. & A. H. students. These facilities are being used for developing audiovisual instructional materials for teaching and other academic activities.

Teachers and students are motivated to use audiovisual aids (LCD projector and computer aided facilities) for better assimilation of the subject knowledge.

These centralized facilities are being used to prepare innovative classroom charts, projection slides, presentations, instructional manuals, class notes and models. The faculty members motivate the students to prepare suitable demonstration charts, handouts and three-dimensional exhibits as an effective mode of learning.

VETERINARY CLINICAL COMPLEX

Veterinary clinics is an integral part of ACVM academic activity. It provides treatment to the sick animals and at the same time students get hands-on training on various types of clinical cases. The college is planning to create a centre of excellence for equine *i.e.*, stud management and health care unit. In addition, initiatives have also been taken for critical animal health care and disaster management. Biotechnological intervention, molecular approach of vaccine production, toxicological and forensic medicine laboratory have also been planned.

The clinics uses ethno-veterinary medicines practice and latest technologies for diagnosis. Medicine, Surgery and Gynecological units have facilities of mobile USG and doppler USG, mobile and fixed X-ray, C-arm and other modern sophisticated equipments like endoscopy for small and large animals.

The Clinical Complex has also facilities of Intensive Care Unit, Indoor & Outdoor wards including accommodation facility for attendant of indoor cases. The Clinical complex has the facility of therapies related to acupuncture therapy, hydrotherapy, physiotherapy etc.

AMBULATORY CLINIC

An ambulatory clinic is operating to provide animal treatment at the doorstep of farmers and consultancy service on non-payment basis in the adopted villages of the college. Apart from serving the animals at the doorstep of the farmers, the students also get an opportunity to interact, manage and treat the cases in animal health and treatment camps under the well qualified and experienced clinicians in various fields of specialization.

LIVESTOCK FARM COMPLEX (LFC)

Livestock Farm Complex is an independent department of ACVM. It

imparts hands-on training and practical orientation to the students. LFC has Cattle, Buffalo, Sheep, Goat, Camel, Equine, Pigs, Broiler and Layer units. It also has raised a laboratory animal house for rabbits and guinea pigs.

FIELD VISITS

Academic training is incomplete in the absence of effective field oriented Veterinary Education. Students are sent on field visit to specialized animal institutes / Veterinary hospitals and animal farms as per needs. This helps in better understanding of the

subject matter. The students are able to acquaint themselves and interact with the actual field problems of livestock owners. The visit gives an exposure to the practical aspects of the subject and enable the students to understand the practical utility in a holistic manner. Through orientation and exposure, students understand the concepts of feeding, breeding, housing management of different species of animals. In extension, students participate in animal health and treatment camps, methodology of communication and interaction with farmers and livestock owners. Regular field visits are also undertaken to various places, organized livestock fairs, goseva sangh, rural India trade exhibitions, zoo, research institutes, dairy plants, slaughter houses and Veterinary clinics.

STUDENT HOSTEL

A Triple storey modern hostel building for boys to accommodate nearly 200 students is available. A separate independent girls hostel with double seated room is also

available under the strict supervision of two lady faculty members. The hostels are well equipped with modern

facilities like indoor games, gymnasium, TV and reading room. The hostel have modern dining facilities. Air-conditioned rooms are also available in both the hostels which are allotted to the students on additional payment.

EXTRA-CURRICULAR ACTIVITIES

Students are encouraged to participate in various cultural and literary activities, blood donation camps, tree plantation programme, social meetings, debate competitions and seminars etc.
